

# CLUB-3500Q Line Array Speaker Assembly

## STEP 1:

Align four identical speaker. The icon of each should be placed at the same direction with words "LEQUN" on the left bottom.

## STEP 2:

Attach the long bracket and short bracket to the array speaker, secured with screws and nuts.

## STEP 3:

Connect the speakers with 8-inch cables. Then repeat the above steps for the second set.

## STEP 4:

You can attach the array speakers to 35mm diameter stands or our subwoofers with the speaker pole provided.
