

# **LED Channel U106**

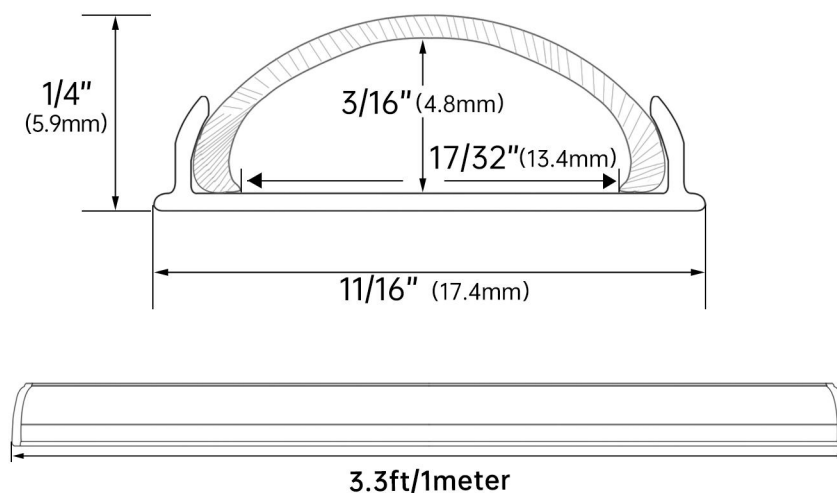

## **User Guide**

1600718(20221214)

# 1. Overview

Muzata is a professional manufacturer dedicated to providing customers with high quality LED channels. Muzata U106 LED channels have superior physical flexibility, which can be bent to a circle about 6" radius at an extreme. Its slim and bendable design enables it to make a creative and distinctive decoration style. It is a great option for slightly curved surface, such as a mirror, curved walls, etc.

## 4. Installation steps

### Option1: General installation

**Step1** - Measure and Mark the LED channel length location required for your project.

**Step2** - Cut aluminum channels with a miter saw and plastic covers with scissors as needed.

**Step3** - Mark the hole location to install the mounting clip.

**Step4** - Fixed the mounting clip with self-tapping screws.

**Step5** - Insert the aluminum channel into the mounting clip.

**Step6** - Remove the led strip back film and attach it to the channel.

**step7** - Melt the solder joint of the LED strip, remove the wire and pass it through the hole of the end cap.

**Step8** - Connect the wire to the LED strip.

**Step9** - Press the cover into the LED channel.

**Step10** - Install end caps on both sides (The gap can be sealed with hot melt glue).

## Option2: Bendable installation

**Step1** - Bend the LED channel into the shape you need.

**Step2** - Mark and cut off the excess of the LED cover.

**Step3** - Cut aluminum channels and plastic covers as needed.

**Step4** - Mark the hole locations to install mounting clips.

**Step5** - Fixed mounting clips with self-tapping screws.

**Step6** - Insert the LED channel into mounting clips.

**Step7** - Attach the LED strip to the channel.

**Step8** - Press the cover into one end of the channel and secure it with the crepe paper.

**Step9** - Press the rest of cover along the channel.

## 5. Tips

- (1) Only fit for LED strips with width < 13mm.
- (2) Please be careful to bend the LED channel during installation, otherwise it will be difficult to restore the original shape.
- (3) Please follow the steps above to finish installation.
