Cadence Wood Pendant Light

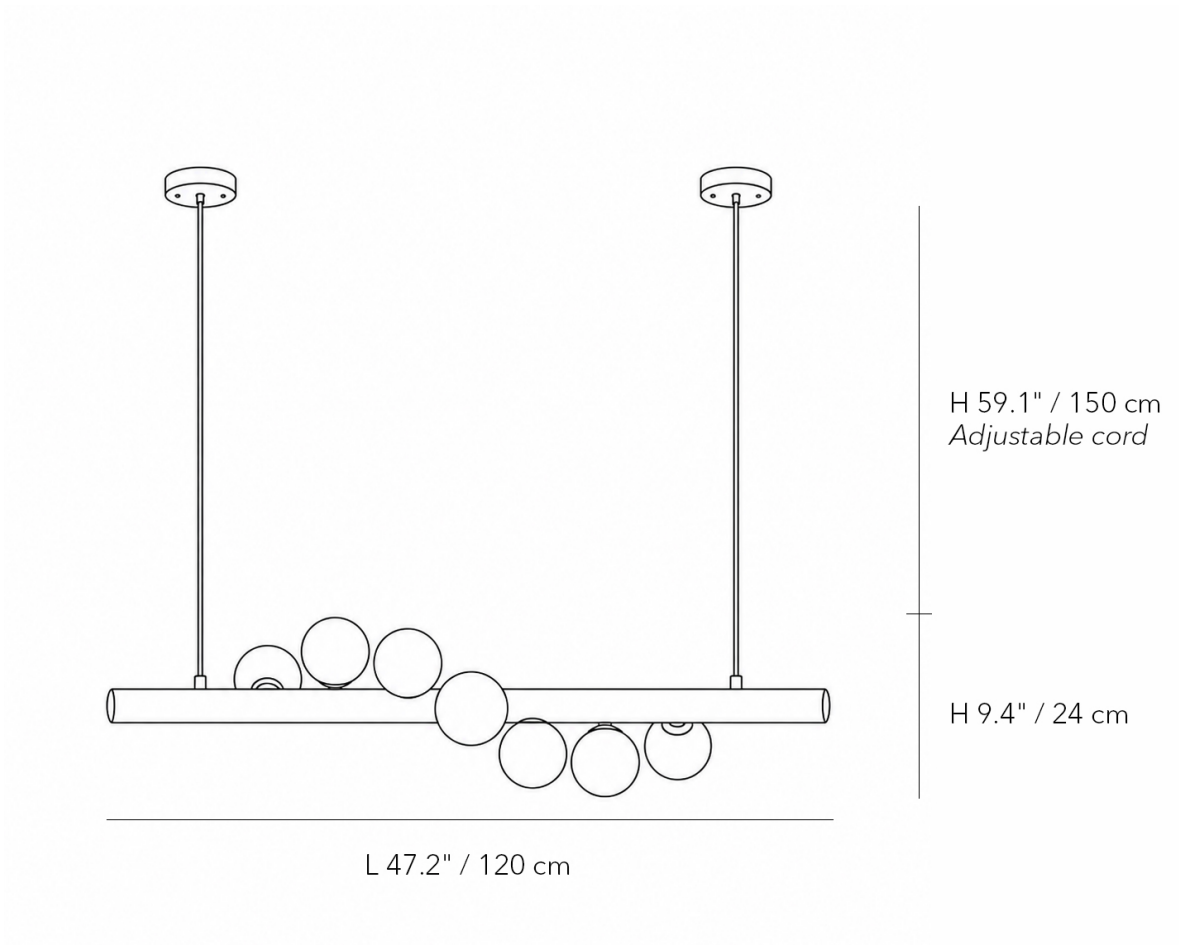

DESCRIPTION

The Cadence Wood Pendant Light pairs the warmth of wood with the soft glow of opal glass. Five or seven globes are arranged around a cylindrical wooden bar, creating a gentle rhythm above and below its clean horizontal line. Available in Natural Wood and Walnut, the design balances visible wood grain with smooth, rounded glass. Its Scandinavian-inspired simplicity and softly diffused light make Cadence a welcoming addition above dining tables and kitchen islands, or within open-plan living spaces.
