

Jardin Suspendu Chandelier

DESCRIPTION

The Jardin Suspendu Chandelier captures the charm of a garden suspended in the air, blending Chinese botanical motifs with the playful elegance of French design. Slender black arms trace sweeping curves, bringing together a pleated lotus leaf in terracotta red, delicate bamboo leaves in champagne gold, and textured glass. Its asymmetrical composition gives each element room to breathe, creating a silhouette that feels graceful, expressive, and full of character. When illuminated, light catches the sculptural details and glass textures, bringing a welcoming glow to the room. Above a dining table or within a living space, Jardin Suspendu introduces a little garden poetry into everyday life.
