Assembly Instruction

WARNING:

- This product contains functional edges and points that are sharp and hazardous. To prevent puncture injuries, adult supervision is required.
- The instruction must be retained since it contains important information.

NOTICE:

- Children should be accompanied by adults while assembling.
- This product needs to be made with some auxiliary tools. Please select it reasonably to avoid injury.
- Take off the pieces from the board according to each step before assembling and place them properly in case of missing.
- Please carefully cut the parts and make sure they are firmly pasted when using glue or tape.
- The product contains small parts and electronic components. Adults should guide and supervise children in the correct use of the product to prevent ingestion or choking.
- Please don't clean this product with chemical cleaners: alcohol, ammonia water, glass cleaner, etc.
- Please keep the product away from flammable substances and humid environments to prevent damage.
- For some complicated steps, please scan the QR code to watch the assembly videos.
- Please clean the product with clean soft cloth, and sand the board burr lightly with sandpaper.

Instructions of using the nail clipper

When cutting, make sure the nail clipper fit tightly to the parts.

Scan the QR code for assembling videos.

Use double-sided tape

Fold F3 three times

Three layers after folding

Adjust the flowers. This is the front.

Stick double-sided adhesive dots on both sides and remove the film.

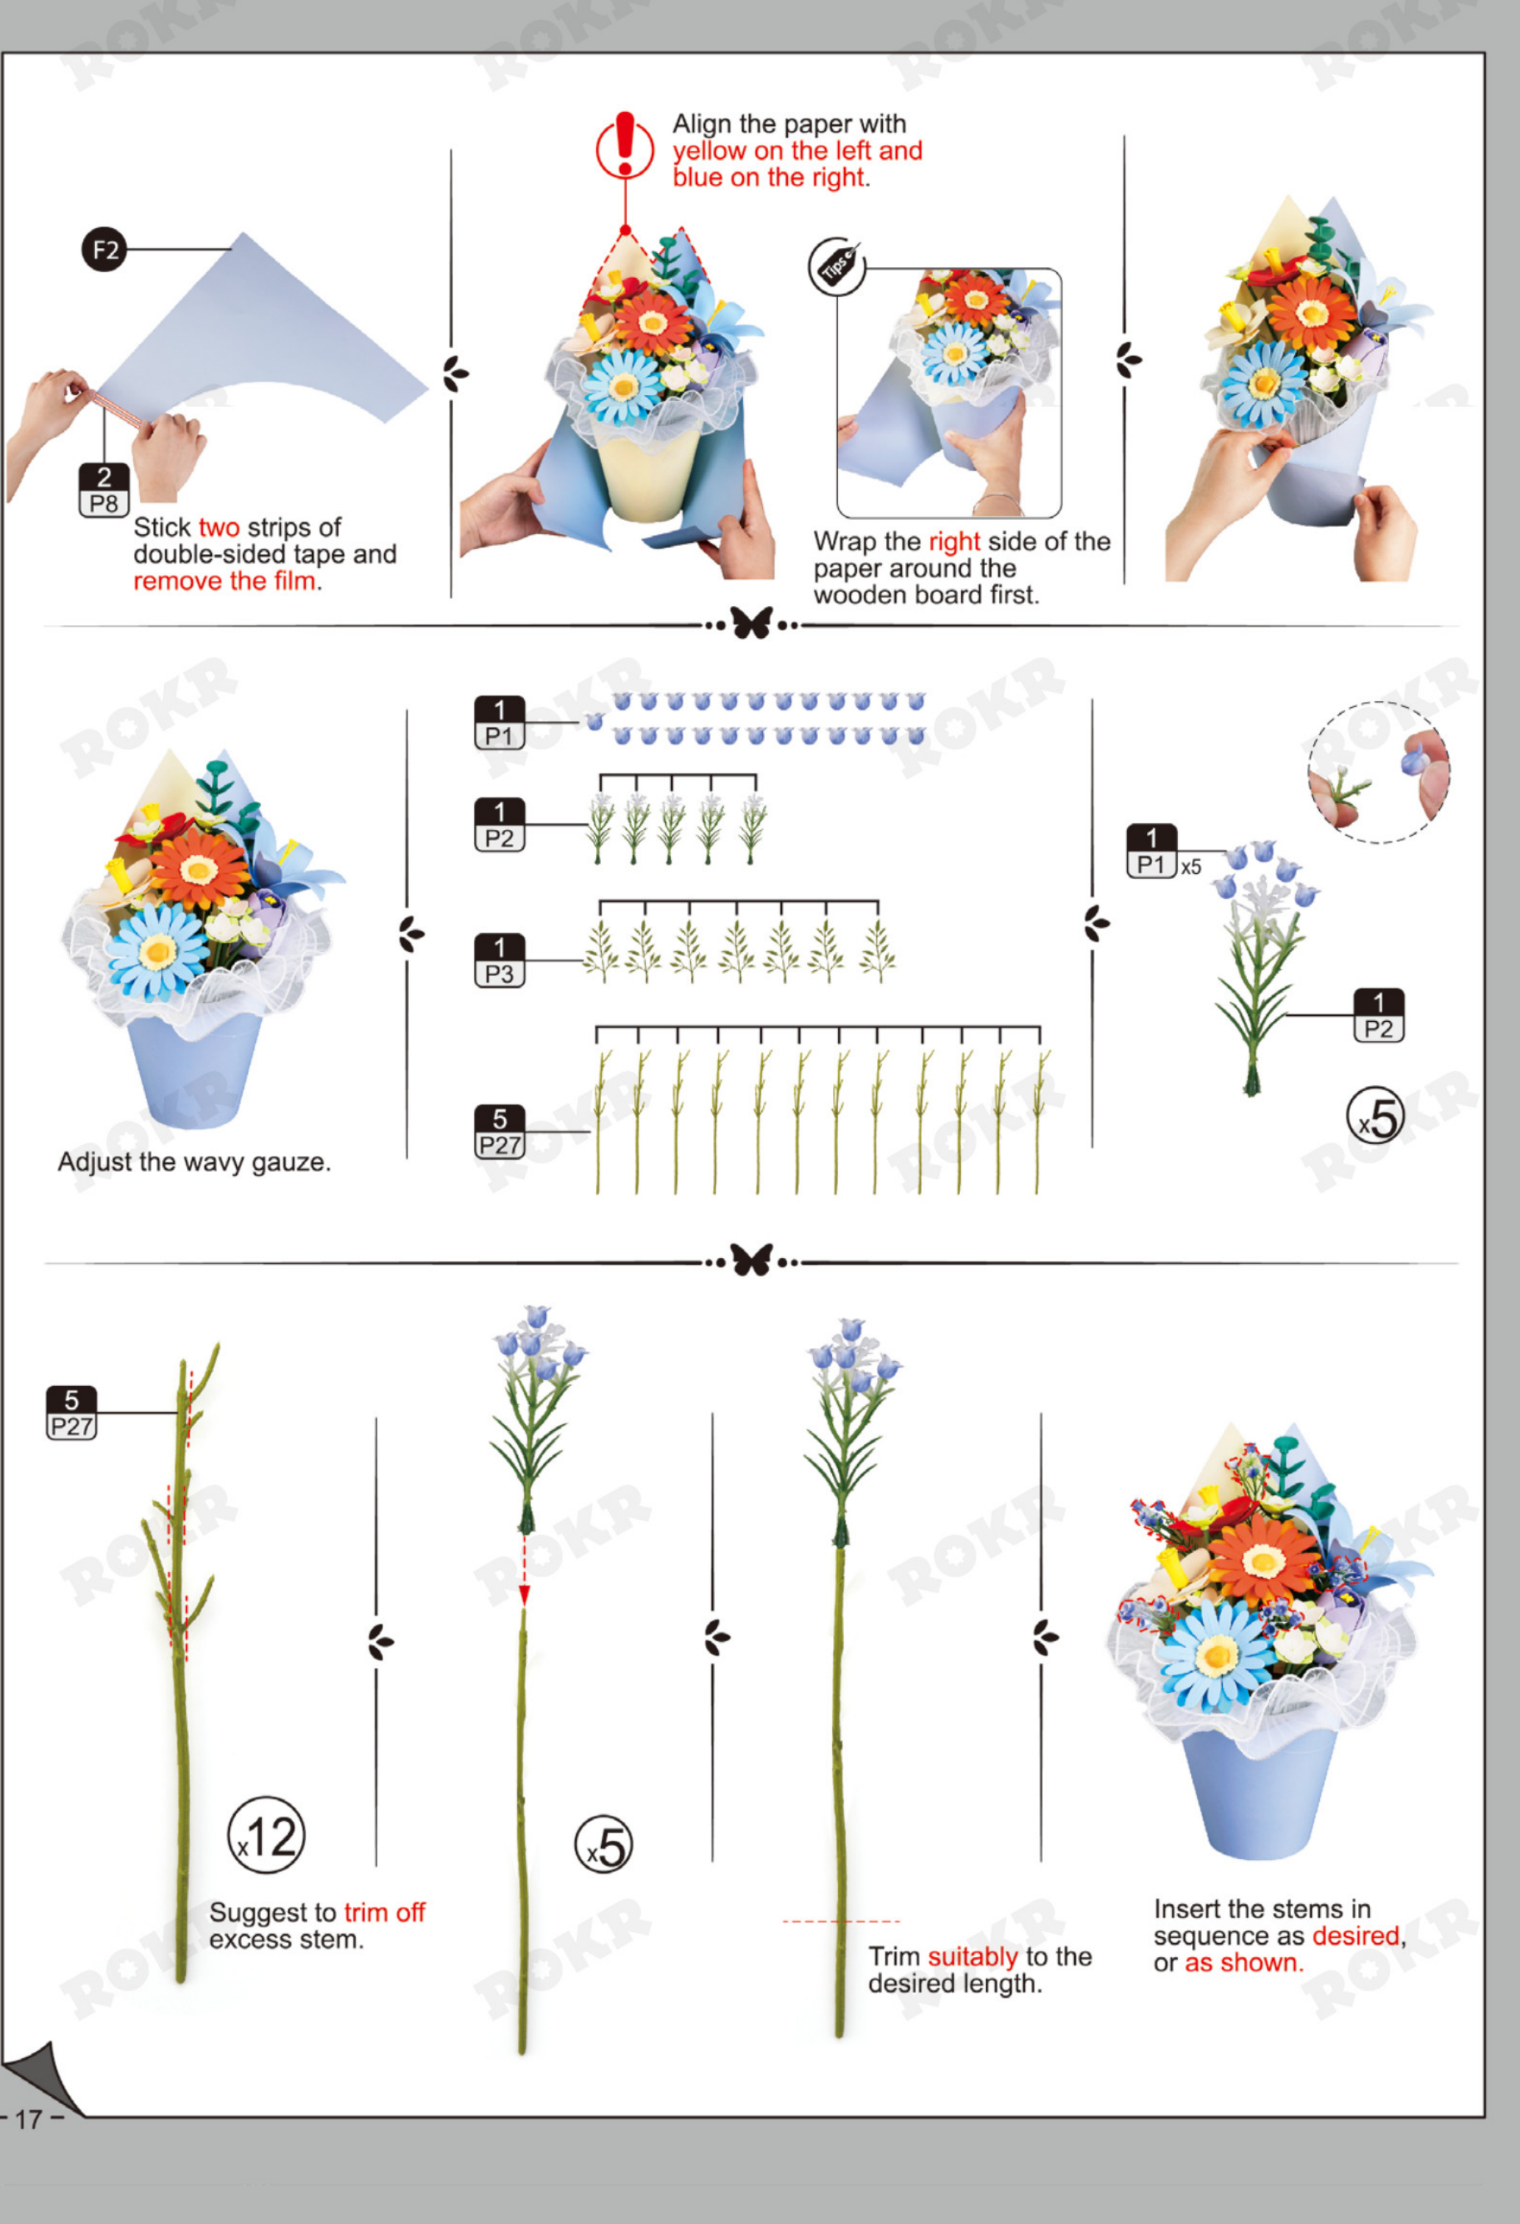
Wrap wavy gauze around the wooden board from front to back. (Adhere to double-sided adhesive dots, as long as it does not fall off.)

Tie it tightly with tape

Stick two strips of double-sided tape and remove the film.

Wrap the right side of the paper around the wooden board first.

Bottom neatly aligned



Stick two strips of double-sided tape and remove the film.

Align the paper with yellow on the left and blue on the right.

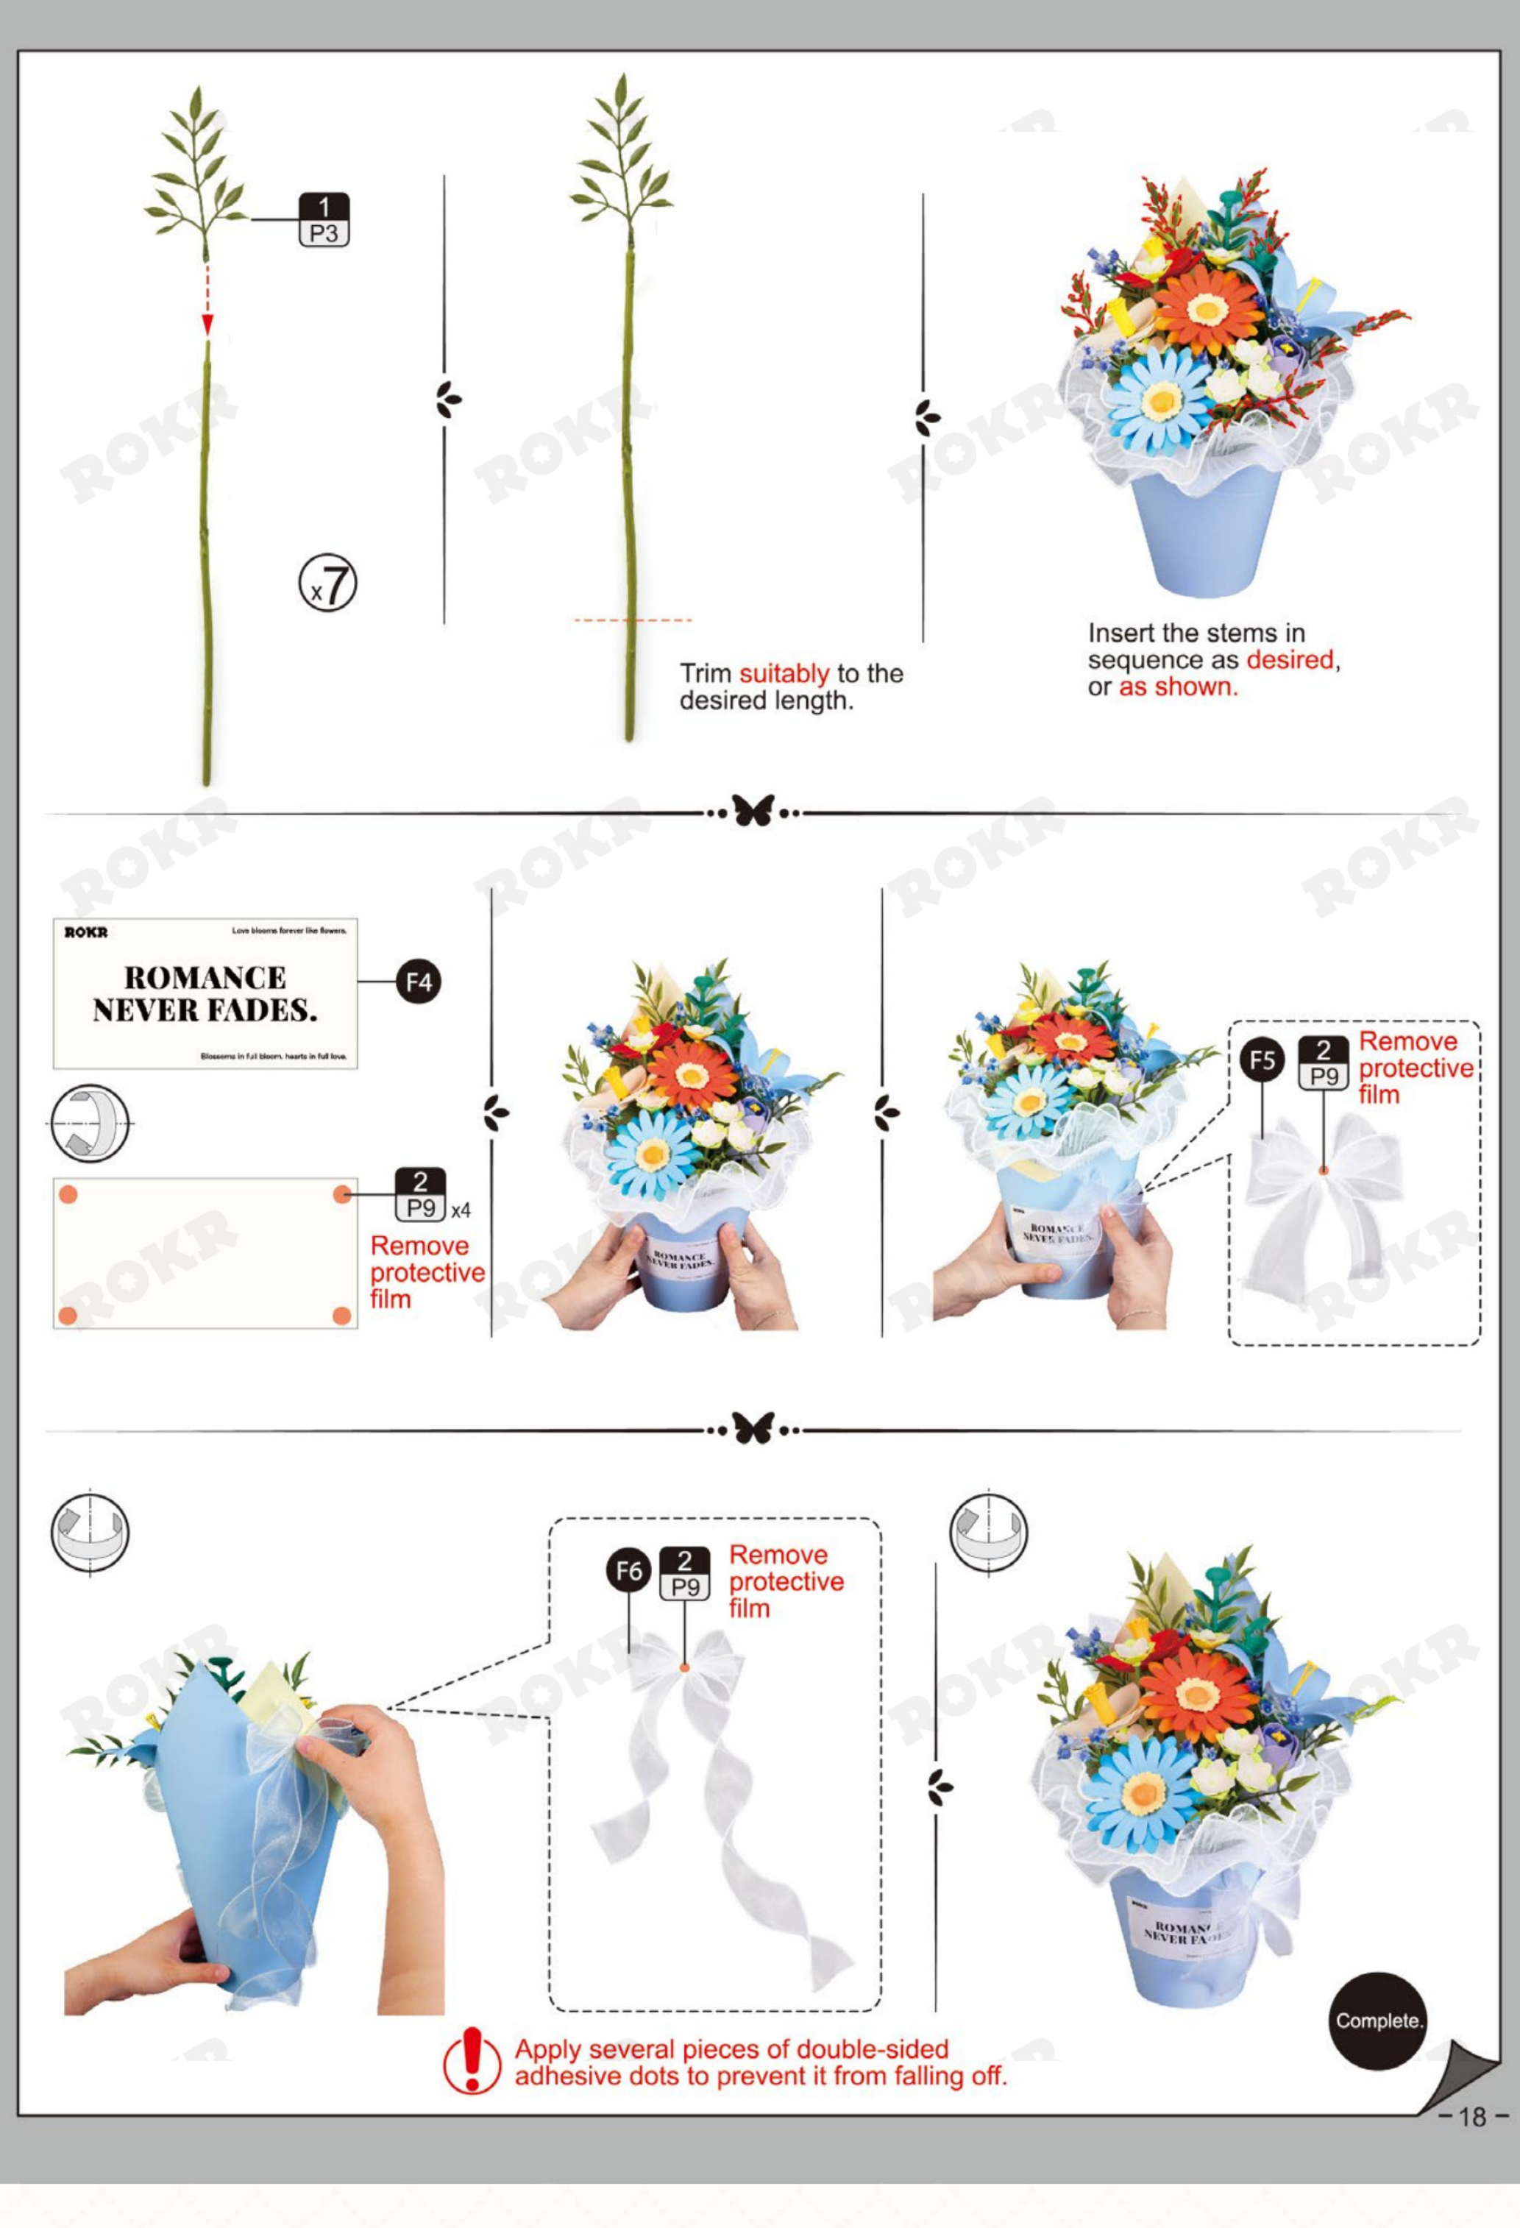
Wrap the right side of the paper around the wooden board first.

Adjust the wavy gauze.

Suggest to trim off excess stem.

Trim suitably to the desired length.

Insert the stems in sequence as desired, or as shown.



Trim suitably to the desired length.

Insert the stems in sequence as desired, or as shown.

Remove protective film

Remove protective film

Remove protective film

Apply several pieces of double-sided adhesive dots to prevent it from falling off.
