! Notice:

If 42 was not assembled in Step 38, skip this step.

! Notice:

The anti-tip assembly can be secured on the wall to prevent the refrigerator from tipping during play.

It is recommended to place the refrigerator against the wall during use.

Avoid placing the refrigerator in open spaces and prevent your child from climbing on it.

The hardware accessories are primarily suitable for being assembled on walls shown in the instruction.

For other situations, consult your local hardware store to choose more suitable accessories.

Instruction of anti-tip assembly

suitable Bricks/Materials

Use the electric drill to drill holes on marks.

The punching depth should be longer than the part to be inserted (the expandable tube 41).

Place the expandable tubes 41 into the drilled holes.

Finally, screw 40 into two hole for the expandable tubes.
