Helpful Hints and Tips

Icon Illustration:

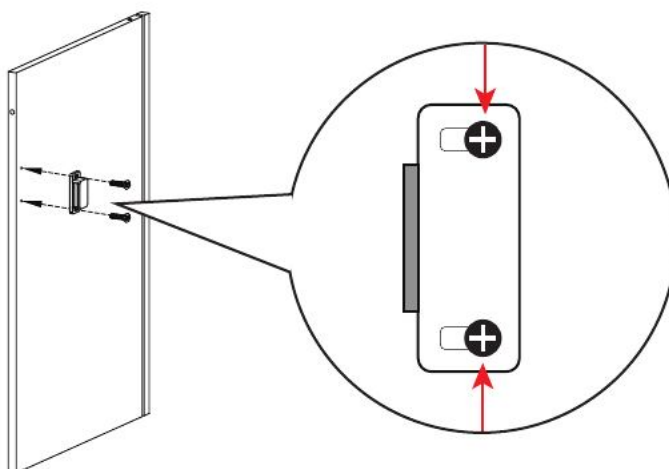

! Special attention in assembly

1 Step 1

 Remove the plastic film on surface

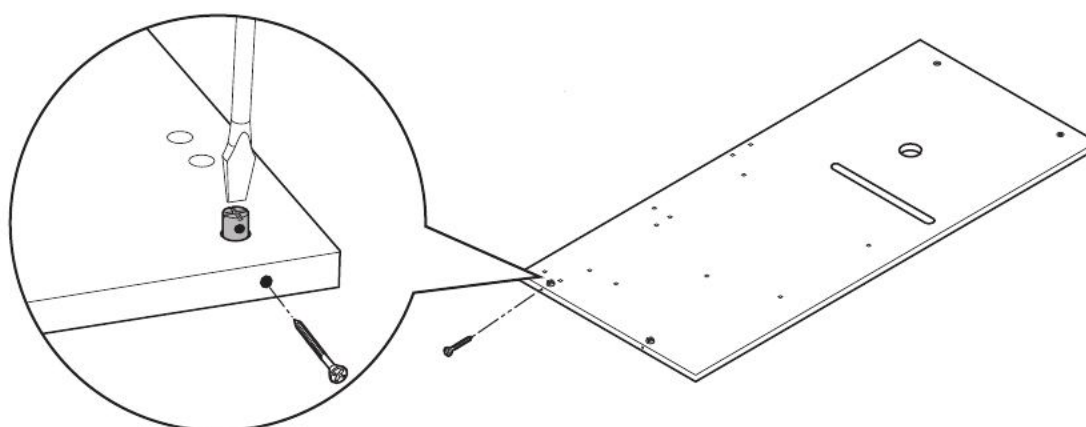

2 Step 2

 Perspective conversion

! Notice:

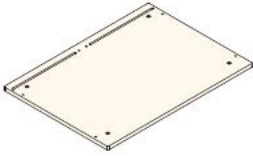

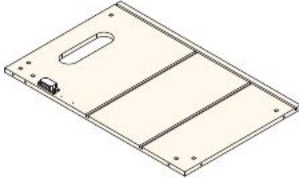

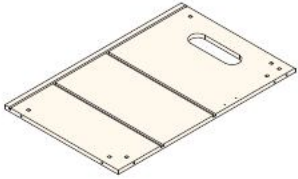

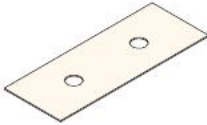

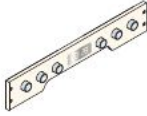

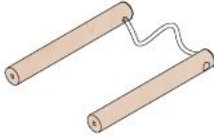

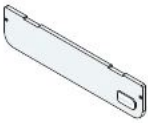

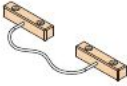

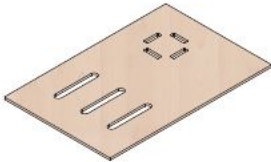

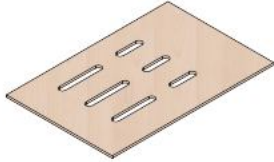

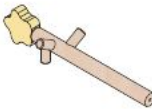

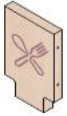

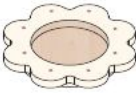

When assembling the door stop, hold the screw with the screwdriver first and then adjust the screw to the position shown on the left.

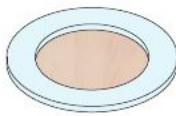

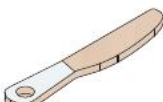

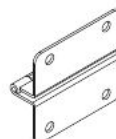

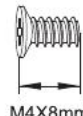

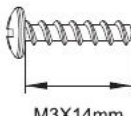

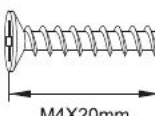

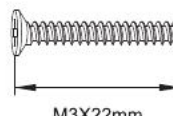

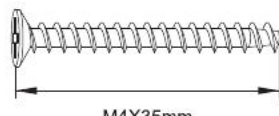

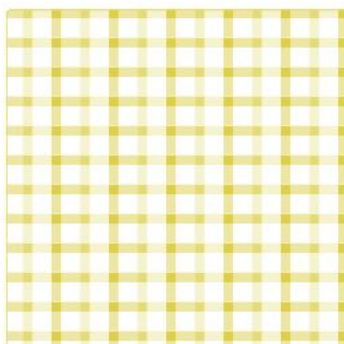

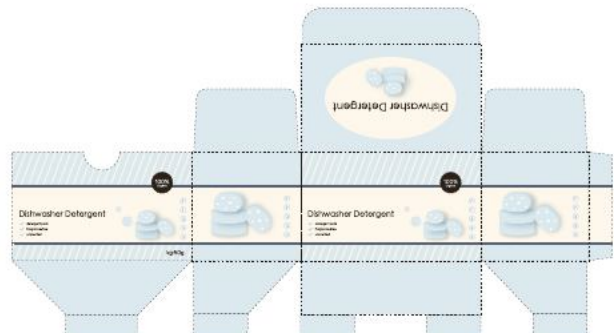

! Notice:

The white plastic part is correctly assembled during production.
If the screws are not in position due to transportation, use a slotted screwdriver to adjust.
