IMPORTANT ASSEMBLY TIPS

Scan the QR code above
to view the detailed instruction video

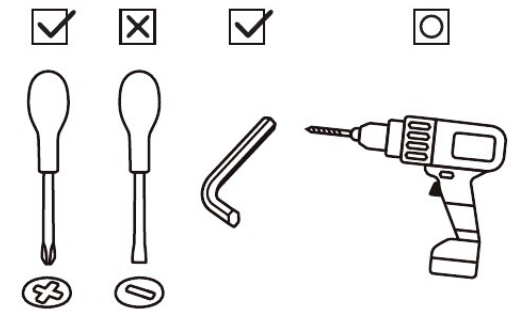

FRIENDLY REMINDER

Use the product under parental supervision. If your child is taking their first steps, you may place an appropriate number of books inside the vehicle to add weight and adjust the wheel speed to help your child use it more effectively.

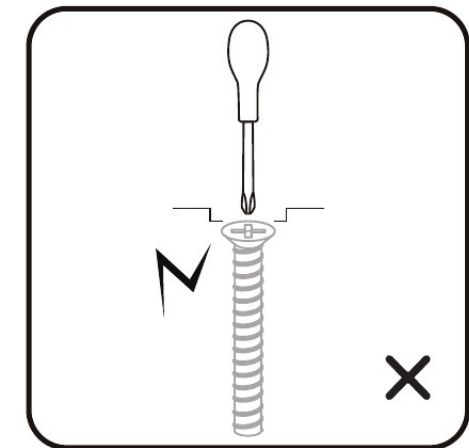

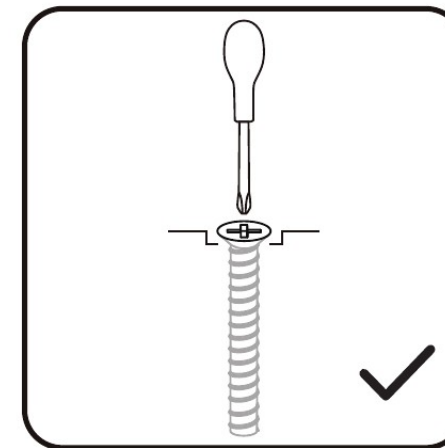

Recommended Tools:

(Please prepare them by yourself.)

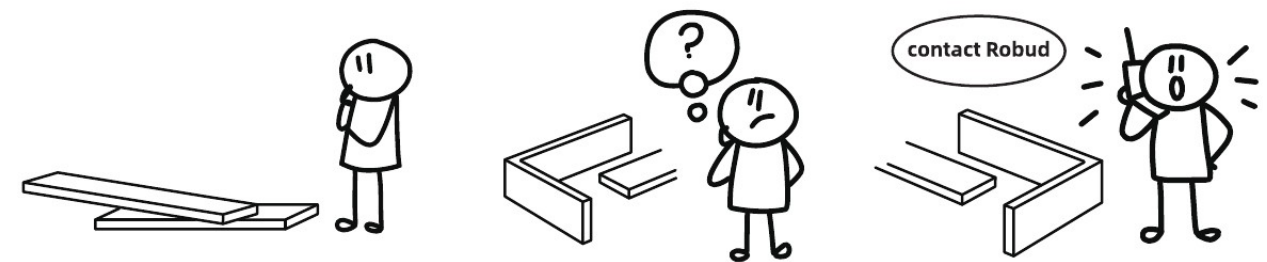

Please use a manual screwdriver for assembly or set the electric screwdriver to the **MINIMUM TORQUE** to avoid damaging the product. If the minimum torque is not sufficient to turn the screws, gradually increase the torque as needed.

To complete assembly, use a hand-held screwdriver to fully tighten all screws until they're snug.

DO NOT OVER-TIGHTEN!

Over-tightening will cause the product to crack!

- Avoid overtightening screws during assembly.
- Screws should be fully tightened once.
- Arrange all accessories on a hard, flat surface for assembly.
- Follow the instructions step by step.

If you feel hard to assemble the toy or there is any other problem that makes you feel unhappy with the product, please contact us **shop@robud.com**. We are glad to do our best to solve your problem and provide a solution to your satisfaction.
