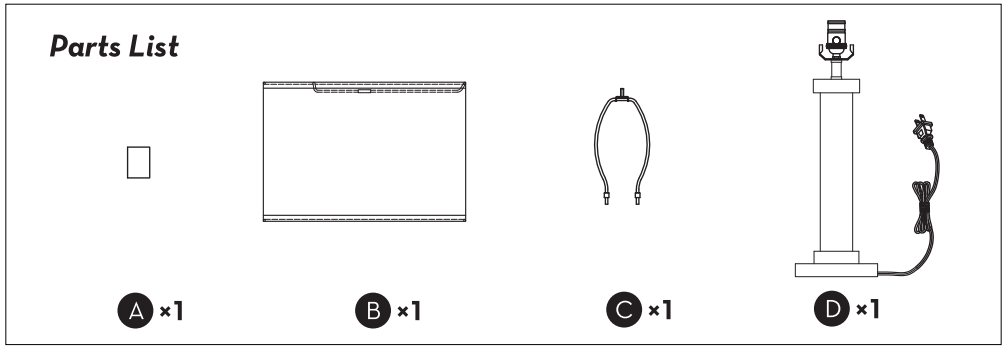
NOTE :This brochure contains IMPORTANT safety info. Please read and keep it for future reference.

ASSEMBLY AND INSTALLATION

Please read these instructions carefully and save them for future reference. These instructions are provided for your safety. It is very important that you read them carefully and completely before installing this light fixture. We strongly recommend that all direct-wired fixtures be installed by a licensed professional electrician.



Precautions and Safety Warnings

- ⚠ Caution: Shut off the main electrical supply at the fuse box/circuit breaker.
- ⚠ Remove the existing fixture to expose the outlet box containing the wiring.
- ⚠ Unscrew the plastic wire connectors and disconnect the black and white house wires from the old fixture. Disconnect the ground wire. Remove the mounting strip that crosses the outlet box and replace it with the new one from the installation kit.
- ⚠ Please note: Do not reverse the hot and neutral connections. Always ensure that no wire strands are exposed outside the wire connector caps.
